

W. P. WALTON.

THE Mason-Forde Co., composed of Col. C. E. Hoge, H. P. Mason, S. D. Goodrich, W. F. Dandridge, S. B. Mason, John King, J. E. Ford, Wm. Morrow and Wm. Duncan, have leased the Kentucky Penitentiary again for four years from April 1, with the privilege of eight years if they so desire. The Argus pays the lessees the following high compensation: "Every one of the gentlemen are first-class business men, and the corporation is one of the most substantial in the State. They are prompt in filling every contract entered into, and are polite and accommodating to every one with whom they come in contact, either socially or in a business matter. These gentlemen have never had any issue with the State. They have paid their rental promptly as their contract provided, and have done more than any other firm or corporation to develop the resources of Kentucky." This firm also has the contract for completing the Eddyville prison by the end of the year, for which it is to be paid \$200,000. When it is completed the law contemplates that all the convicts shall be worked inside prison walls. The Mason-Forde Co. has also leased it on a 10-year contract. A personal acquaintance with most of the gentlemen of the firm warrants us in endorsing everything the Argus says about them and in congratulating the State upon being able to contract with so reliable a firm to take charge of her convicts.

CAPT. H. B. JENKS, of the Horse Marines, but the capable ex-chief clerk of the 5th Railway Mail Division, who stepped down and out to make room for a democratic patriot, is on deck again and likely to resume his old place or get something better in the mail service. The captain is a very offensive partisan, but is a good man all the same and business all over. During the ten years that we have had occasional need to call on him for an improvement or a change in the manner of handling our papers, we have always found him kind and obliging and ready to adopt any suggestion that he was satisfied would aid us and our patrons. We think a great deal of the clever old captain.

AN error crept into our last issue to the effect that there was but one million in Harrison's Cabinet. The Louisville Times has been during and finds as follows: "The present administration is a rich man's affair. The combined wealth of the President, Vice-President and Cabinet is estimated at \$27,500,000. These are the gentry who will take care of the labor of the country. Wall Street is represented by Morton with \$10,000,000 and Windom with \$10,000,000. The sewing women of the Union are represented by Vanamaker with \$10,000,000. The honest people of the nation are represented by Blaine with \$1,000,000. The plutocrats are in the saddle."

THE Richmond Register, one of the best and most reliable papers in the State, has just celebrated its 24th birthday. Editor F. M. Green, who is still unmarried, would not admit, of course, if it were true, that he started the paper, but he has been there a long time all the same and like ourselves has grown gray in the cause. He is admirably assisted in his duties by Mr. Clarence E. Woods, a young man of decided journalistic talents.

COL. MC CARTHY, of the Jessamine Journal, who can carry all his cash in a small part of his capacious breeches pocket, and is therefore not up to the requirements of his millionaires who run semi-weeklies, is despised by the factions at the expense of our mutual friend, the Danville Advocate, which recently spoke of the robbery of its safe. He asks "What's the use of a safe in a country office, anyhow? Why not keep your apples in the cellar?"

GEN. GREEN CLAY SMITH is what you might call a jack at all trades to be sure. Lawyer, preacher, politician, prohibitionist, lecturer and perhaps other professions claim his attention, but we had never heard that he was a cobbler, till a Mt. Sterling paper told of his going into a shoemaker's shop there and making a pair of shoes from out to finish. Verily versatility vegetates vigorously in this specimen of Green Clay.

TAKE a great many other people the Ohio farmers are living beyond their means. The total assessed value of agricultural lands in the State is but \$720,000,000, yet the report of the Commissioner of Labor places the farm mortgage indebtedness at \$175,000,000.

THE newest that Kentucky comes to recognition in the cabinet is that Gen. Tracy owns Kentucky Wilkes. It has been stated that Kentucky's first citizen is a staid horse and as no republican can be chased with the first citizens it is perhaps just as well as it is.

SENDERING to the inevitable First Controller M. J. Durham tendered his resignation to Secretary Windom to take effect at his convenience. The secretary complimented the judge as an officer and told him to hold on till he had a conference with him.

The question "What shall we do with our ex-presidents?" has often been discussed and many have been the suggestions in the premises. Grover Cleveland has settled the matter, so far as he is concerned, by showing the world that he can take care of himself. He is not disposed to spend his time in idleness or to go junketing around the world to be feted and smiled upon by the powers of other countries. On the third day after retiring from the Presidency of the United States, having already arranged a partnership with a legal firm in New York, he reported at the office for business, hung his coat and hat on the nail behind the door and buckled himself down to work. No ordinary man in any sense is our Grover. All honor to him.

THE attention of the democratic county committee is called to the fact that a member of the legislature is to be elected this year and that some steps should be taken in the matter. Because there are no persons announcing themselves "subject to the action of the democracy" is no reason that we should not have a clear-cut nomination and the situation is much better for selecting an acceptable man than if a number of short horses had entered the race. A good democrat with a clean record, both as to politics and sobriety, can be elected with ease. It is time Lincoln had ceased to send in a legislature for her, who are not only incompetent to do so, but absolutely a disgrace to her fair name.

THE prospectus of another paper to be started at Mt. Sterling has been received. It is to be called the News and edited by Thomas H. Fox & Co. Mr. Fox is a brother of Hon. F. T. Fox, the prohibition apostle, but unlike him has never strayed off after other gods. He takes his politics like his whiskey, straight, and proposes to run a genuine democratic paper. While we shall welcome Mr. Fox into the fold, we cannot expect for him the success we would wish. Mr. Sterling cannot support three papers and the new one will have to do double hustling if it gets away with the two that are established.

THE Ohio republicans as usual want the earth. Mr. Harrison has been served with the notice that she expects the following bureau positions: First Assistant Postmaster General, Commissioner of Pensions, Sixth Auditor of the Treasury, Assistant Secretary of Agriculture, Assistant Secretary of the Interior, one of the three Comptrollerships of the Treasury, the Comptroller of the Currency or First Comptroller, several other minor department offices and everything else she can get. Flanagan, of Texas, has many devoted admirers in the Buckeye State.

THE manager of the Lexington Opera House, one Charles Scott, made a brutal assault on S. J. Roberts, editor of the Leader. He attacked him from behind, dealing him a blow on the head that sent him to the sidewalk and followed this up with several other blows with a stick. The cause of the attack was a criticism of the way the Opera House was managed. Scott was arrested and held in \$500 bond and should be severely dealt with for his cowardly action.

SEVEN hunters should bear in mind that President Harrison said in his address: "Persistent importunity will not be the best support of an applicant for office," and go slow. Rome was not built in a day, neither can all the offices of this great country be changed in a twinkling. So possess your anxious souls with patience, ye who thirst after power and "if ye can't be patient be as patient as ye can."

THE Elizabethtown News has discarded the old blanket sheet and donned up into a six column quarto. The improvement is marked and in its present shape Bro. Sommers will be able to give the advertising agents more "top of columns next to reading matter" than formerly. The News has recently added an engine to its outfit and seems to be on the wave to deserved prosperity generally.

HAVE it more than a week after the inauguration and but few of the democratic office holders have been fired. It is too bad indeed. The hungry hordes in consequence putting on a still hungrier look and sighing for the time of re-joining to come, spoken of in Isaiah 33:

LOUISVILLE is preparing to pipe natural gas from some point in Indiana and the legislature passed an act authorizing the work of laying the pipes for the purpose. Gov. Harvey vetoed it, but it didn't take the body four minutes to pass it over his objections.

THE Covington Commonwealth denies that it is trying to convict Auditor Hewitt of gross disregard of official duties in his settlements with Tate. His own testimony, which that paper alone has published, does that, it thinks, sufficiently itself.

THE Mexican Mission is a considerable thing falling off from a cabinet position, but that is now the ambition of our worthy Gen. Bradley, who will more than likely get there. We hope so at any rate.

THE Owensboro Inquirer is showing considerable enterprise in issuing two editions daily. The papers of that growing city certainly do it great credit.

It is stated with a degree of positiveness that Hannum Willson is to be appointed district attorney of Kentucky. What's the matter with the Lenthing-hungel Denny, who got himself on the notification committee and has once or twice since reminded Harrison that he was one of the boys who went to tell him he was nominated at Chicago? Seriously, we should like to see Denny get it. He made a good Commonwealth's attorney and established himself as a terror to evil-doers, because he had the courage and the backbone to stand up for the power of the law. Shown republican holds the office, the law-abiding of this judicial district would be glad if he were again in charge of the Commonwealth's interests.

THE kid glove president finds himself too good to shake the honest hands of the common people, so he now plants himself on a prominent position and lets the vulgar herd pass by and satisfy itself with a simple look at his aristocratic person. Mr. Cleveland never failed to shake the hand of every man, woman and child who presented himself to do so, but then there is a vast difference between an honest democrat and a plutocratic republican. The president will not help himself or his party by his exclusiveness.

A COX is to be appointed assistant secretary of the national treasury in the place of Col. Thompson, a white democrat. Don't prick up your ears with delight, ye deluded colored republicans. The Cox referred to is not a negro, but a rich New York banker. It will be colder even than it has been since ground-hog day, when a negro gets anything from this administration that is worth having.

AN election bill resembling closely the Australian methods of voting has become a law in Indiana. It makes the ballot absolutely secret and takes away entirely the occupation of strikers and blocks of five manipulators. Should the Senate pass the stringent bill against bribery the days of republican methods and bribery rascality are numbered.

THE announcement of Mr. M. F. Brinkley as a candidate for Clerk of the Court of Appeals appears in this issue. He is a man of tough ability, and as to his democracy there have never been any ties on it. He has a large acquaintance and in the mountains especially has an extensive following.

John Edison is dead. He built the first naval boat that carried her machinery under her water line, out of the reach of hostile shot and dictated reconstruction to the fleets of the world. In 1841 Edison built the Monitor, completing her in 100 days from the laying of the keel plate. She arrived in Hampton Roads just in time to defeat in March, 1862, the Confederate ironclad Merrimack, which had destroyed the frigates Congress and Cumberland, and was about to sink or disperse the rest of the Government's wood fleet.

A disgusted republican patriot, said at Washington: "You may put it down as certain that we shall lose New York, Ohio, Indiana, Connecticut and every other close State at this fall's election, as the result of Harrison's failure to recognize his friends. He has chilled the marrow of the party, when it was just getting thawed out. He has thrown away two cabinet places with which he might have performed great party service, and misplaced another. Blaine was enough from New England and Proctor is geographically out of place, not to mention the fact that he is put in the cabinet by Edmunds and to please the ungovernables."

It never fails to meet the cases for which I recommend it, even where the doctor's prescriptions have been of no avail."—C. F. Calhoun, Newmouth, Kansas.

A Strong Firm of Railroad Builders. Messrs. C. E. Hoge, Wm. E. Handridge, John King, H. P. Mason and S. D. Gooden compose the firm that make a specialty of building railroads, bridges and other public improvements throughout the State. H. P. Mason is president and W. E. Handridge secretary and treasurer. Since the year 1880 they have constructed 271 miles of railroad in this State which cost about \$3,100,000. In addition they built the masonry of the Cincinnati and Covington bridge, near Cincinnati, at a cost of about \$300,000, and completed a railroad in Alabama at a cost of about \$80,000. The total value of work completed by the firm since 1880 is about \$3,480,000. This is the largest firm doing this character of work in the State. They have a large amount of railroad construction under contract in this State, the cost of which will amount to about \$1,700,000, all of which will be completed within this year. The gentlemen composing the firm are men of integrity and worth, with a financial standing second to no other corporation in the State. This firm or company employ annually, in addition to the convicts worked in railroad construction, from 2,500 to 4,000 free laborers. Frankfort, Ky.
